

# **Romsey Abbey C of E Primary School**

## **2018-19 PE & Sports Grant Strategy**

### **Background**

In March 2013, as a result of the London 2012 Olympic and Paralympic Games inspiring the nation to enjoy and participate in sport, the Government announced a major new funding initiative to support the delivery of physical education (PE) and sport in primary schools. The Government is determined to secure a significant and lasting legacy from the games, enhancing children's well-being and developing enjoyment of sport and physical activity from an early age.

This cross-government funding is provided by the Department for Education, with contributions from the Department of Health and the Department of Culture, Media and Sport. The PE and sport premium will provide over £150 million per year for the academic years 2013/14 to 2015/16.

The PE and sport premium is paid directly to primary schools and is ring-fenced to spend on improving the quality of PE and sport provision for all their pupils.

An emphasis on continuing sport when a child leaves school is highlighted by the Government as an importance, 'when people leave school they often stop playing sports, which means people can't fulfil their sporting potential, and can lead to a less healthy lifestyle. (Statement from Department for Education – Getting more People Playing Sport Policy). At Romsey Abbey we want to inspire children to enjoy many different sports and for them to continue playing sport throughout their lives, no matter what their economic or social background is.

### **Romsey Abbey Primary School**

Romsey Abbey Primary School has a commitment to physical education which inspires all pupils to succeed and excel in competitive and cooperative sport as well as other physically-demanding activities such as adventurous outdoor pursuits. Our curriculum provides opportunities for pupils to become physically confident in a way which supports their health and fitness. There are opportunities to compete in sport and other activities which build character and help to embed values such as fairness and respect. Children at Romsey Abbey Primary School are given opportunities to take part in, and learn the skills of, a wide variety of sports. Throughout the year, children are taught the skills to compete in; football, netball, hockey, basketball and athletics. The winners of in-school competitions are then chosen to represent our school at local, and potentially county and national level.

Our Year 6 sports prefects achieve Bronze Ambassador training which teaches them to set up lunch time sports clubs. These clubs are then run by the sports prefects at lunchtimes to help promote a love of sport and exercise in every child within our school.

### Overall objectives

- To increase the participation of pupils in quality physical activity.
- To provide quality teaching in PE lessons, both by the sports coach and the class teachers that are required to teach PE.
- To increase the pupils’ participation in inter-school competition in all age-groups.
- To identify talent and to signpost families to local clubs for further development.
- To ensure that the PE curriculum progresses children into well-rounded athletes.
- To ensure that quality resources are in place to deliver the PE curriculum to a high standard.
- To promote physical activity and healthy lifestyles throughout the school.

### Ensuring future sustainability

- High quality CPD will ensure members of staff can support each other and new staff in delivering quality PE teaching.
- The purchase of new high-quality equipment will support future physical activity long after its purchase.

Figure 1 (below): A process model to support a self-sustaining improvement:

## **ACCOUNTABILITY**

The Headteacher and Leadership Team will regularly and rigorously monitor, evaluate and review the strategies we have implemented for the expenditure of the Primary PE & Sport Grant and report to the Governing Body on progress and impact.

Schools will be held to account under these recommendations from Ofsted (The PE and sport premium for primary schools – good practice to maximise effective use of the funding October 2014):

Schools should:

- ensure that their strategic plans for using the new funding include clear, measurable targets for improvement
- clearly show how school leaders will evaluate the impact that the premium is having on improving PE and sports provision
- regularly monitor the work of specialist PE teachers and sports coaches to ensure that their teaching and coaching are consistently good
- ensure that the professional development of staff is systematically planned and tailored to the individual needs of teachers and classroom assistants
- monitor the impact of professional development to ensure a lasting legacy of consistently good teaching of PE

- identify 'non-participants' in extra-curricular sport and provide additional activities to encourage their immediate and longer-term participation in sport and physical activity
- forge links with a wider range of external sports clubs to achieve sustainable ways of engaging all pupils in physical activity and sport
- work closely with parents and carers and local health agencies to promote the health and well-being of all pupils, especially those who are overweight or obese.
- introduce activities specifically aimed at enabling their most able pupils to achieve high standards in PE and sport

Ofsted will:

- continue to evaluate the use of the premium in section 5 inspections, focusing particularly on how effectively school leaders monitor the impact of new funding over time on increasing pupils' participation, improving performance in PE and sport, and promoting health and well-being.

### **Allocation**

On 17<sup>th</sup> July 2017 the Department for Education confirmed that the PE and Primary Sport Premium will double from September 2017. This has remained the same for the 2018-2019 academic year.

Allocations for the academic year 2018/19 are calculated using the number of pupils in Year 1 to 6 and those age 5 in Year R, as recorded by the January Census 2017. Schools with 17 or more eligible pupils receive £16,000 and an additional payment of £10 per pupil. Here at Romsey Abbey, that will mean we receive around £17,740.

This funding must be used to fund improvements to the provision of PE and sport, for the benefit of primary-aged pupils in the 2018 to 2019 academic year, so that they develop healthy lifestyles.

This means we need to use the premium to:

- develop or add to the PE and sport activities that your school already offers
- make improvements now that will benefit pupils joining the school in future years

For example, we could use the funding to:

- hire qualified sports coaches to work with teachers
- provide existing staff with training or resources to help them teach PE and sport more effectively
- introduce new sports or activities and encourage more pupils to take up sport

<p>Achievement of pupils</p> <p>Sports Day</p>	<p>£500</p>	<p>To provide all children with an opportunity to compete in a school-wide Level 1 competition.</p> <p>To provide each child an opportunity to compete in a range of field and track events.</p> <p>To ensure all children receive a reward for competing, not just taking part, in our Sports Day.</p>	<p>Teacher's tracking of progress and summative assessments will show improved year-end progress from last year.</p> <p>Sustainable enjoyment and participation in this event. 94% attendance 2016 97% attendance 2017 97.5% attendance 2018</p>
<p>Resources and equipment</p>		<p>To ensure staff have the required resources to teach high quality lessons.</p>	<p>PE leads will conduct learning walks to support and evidence that staff are using equipment and resources when teaching quality PE lessons.</p>
<p>To encourage positive learning behaviours in physical education and resilience in our pupils.</p>	<p>£595</p>	<p>Aaron Phipps, former Great Britain Wheelchair Rugby player and London 2012 Paralympic athlete, to work with Year 6 in the Summer term and lead a whole-school Worship.</p>	<p>PE leads to conduct pupil voice interviews after Aaron Phipps visit to ascertain changes in attitude in addition to levels of motivation and inspiration.</p>
<p>Curriculum Development</p> <p>Hiring swimming pool lanes at local swimming pool.</p>	<p>£500</p>	<p>Pool lane rental at Romsey Rapids to provide opportunity to learn to swim in Years 1, 2 and 3.</p>	<p>All children who attend Romsey Abbey Primary School in Years 1, 2 and 3 at will be given the opportunity to learn to swim 25m competently and confidently, using a range of strokes. Target tracker will evidence improvement in swimming skills over these year groups.</p>
<p>Health and wellbeing development</p> <p>Daily Mile track</p>	<p>£17,996</p>	<p>Installation of Daily Mile track to begin on 17.12.18.</p>	<p>An all-weather track that the children can use throughout the year will improve not only the children's fitness but also their concentration levels, mood, behaviour and general well-being.</p> <p>The Daily Mile initiative has been acknowledged for reducing childhood obesity and is recognised within the UK Government's 2018 Childhood Obesity</p>

			Strategy.
--	--	--	-----------

**Reviewed on 30/01/19:** Due to making links with Alex Lewis, we have decided to ask him to come into school to lead a whole school worship and work with children in replacement of Aaron Phipps. We believe this will develop the children's understanding of having a positive attitude and increased levels of motivation and inspiration, therefore linking to our Habits of Mind.
